

MASSACHUSETTS INSTITUTE OF TECHNOLOGY

6.s077

Spring 2018

Due Thursday 03/22, in class

Project 1: Hypothesis Testing.

Project 1: You will complete this project entirely on the computational platform. Please see the instructions below for accessing it. We recommend getting started early and reporting any issues with the computational platform on Piazza, immediately.

- Log on to the portal (<http://mit-6s077.mit.edu>)
- After you have successfully logged in, in the same browser window, copy and paste the following assignment url:
(<http://mit-6s077.mit.edu/hub/user-redirect/git-sync?repo=https://github.com/jehangiramjad/mit-6s077&subPath=project1/project1.ipynb>)
